

Video marketing on PODIM 31

By *spletin*

Created 21.05.2011 - 23:51

We have presented a paper **Video Marketing for Global Breakthrough** on [PODIM 31](#) [1].

Simple ways were shown how any company (just founding, start-up or existing) can achieve visibility, promotion and global sales with their own videos. Web search is becoming most used method of researching marketing niches, products available and existing business solutions.

Presentation about video marketing for global success is available as PDF document. Download it from the link below.

[Video Marketing for Global Breakthrough](#) [2]

For your own video creation, video advertising campaign and other video services, please [contact us](#) [3]. From 2010 we have a video course for your own video creation [moj VIDEO prodaja](#) [4] (in Slovenian, currently translating it and will be available on www.videosalescourse.com [5]), which reveals everything you need for web video video marketing - including how to rank on first position in search engine results.
